## RING SIZE CHART

**Before printing:** check that 'fit to frame' or 'fit to page' is UNCHECKED. Print scaling should be 100%.

**After printing:** measure the bars on the left. They should be exactly 2 inches / 50mm long.

- 1) Select a ring that fits the intended finger
- 2) Place the ring over the circles above.  
Match the **inside edge** of the ring to the nearest size.

If the ring falls between two sizes, order the **larger** size.

If you are not certain what size to order or don't have a ring to compare, ask a high street jeweller to measure your finger.
